Here and There.

Dr. George Waldron, of Rochester, N. Y., and three women were instantly killed when a Rochester and Eastern train crashed into their automobile.

In the last five years the tobacco industry has increased 25 per cent, and the invested capital over 200 per cent. The increase in consumption is something fierce. A nasty habit well followed.

Frank B. Kellogg, counsel for the Interstate Commerce Commission, said that there was no foundation for a report that he was to succeed Charles J. Bonaparte as Attorney General of the United States.

The text of President Roosevelt's telegraphed appeal to the Presidents of the Central American republics, in the interest of peace and good will among them, was made public at the State Department in Washington.

James Money, Jr., was shot and almost instantly killed and his father, James Money, Sr., was fatally wounded by Dr. Grover Kirby in an encounter at Money, Miss. All the men belong to prominent Southern families.

Maryland is also to have a homecoming. It is to occur at Baltimore Oct. 13-19, and many attractions are on the program. "Home Comings" have gotten to be quite a fad since Louisville started the ball to moving.

Secretary of the Interior Garfield announced by authority of President Roosevelt that no further effort would be made by the Administration toward bringing up in Congress again the question of the joint Statehood of Arizona and New Mexico.

POLITICAL.

Democrats of the 69th Legislative district, composed of Knox and Whitley counties, met at Corbin and nominated G. J. Humfleet, editor of the Corbin Laborer, as their candidate for the Legislature.

Gov. Beckham spoke at the Laurel county fair to a crowd estimated at 10,000 persons. The day had been set apart by the Laurel Fair Association as Beckham day and people from all the surrounding counties gathered to hear the governor's address. He was met by a brass band and a delegation of leading citizens and given a rousing reception.

Carter county's votes, which were carried to the Maysville convention by one delegate who missed nine trains and was in a wreck before he finally landed at his destination, enabled the Holmes delegations in the Sixth Appellate district Republican convention to tie up the convention and prevent a nomination until the forty-third ballot. At one time the chairman of the convention, W. D. Cochran, could have been the nominee by acclamation, but he refused to accept or allow his name to be used.

Remedy for Diarrhoea. Never Known to Fail.

"I want to say a few words for Chamberlain's Colic, Cholera and Diarrhoea Remedy. I have used this preparation in my family for the past five years and have recommended it to a number of people in York county and have never known it to fail to effect a cure in any instance. I feel that I can not say too much for the best remedy of the kind in the world."—S. Jamison, Spring Grove, York County, Pa. This remedy is for sale by all druggists.

"Down for a few days?"
"Yes. Say, they have some odd effects in burnt leather here."
"True; the girls are getting a little tanned."

For an Impaired Appetite.

To improve the appetite and strengthen the digestion try a few doses of Chamberlain's Stomach and Liver Tablets. Mr. J. H. Seitz, of Detroit, Mich., says: "They restored my appetite when impaired, relieved me of a bloated feeling and caused a pleasant and satisfactory movement of the bowels." Price, 25 cents. Samples free by all druggists.

Lyon county went "dry" by a majority of 510. The total number of votes cast was 1,426.

A Word To School Patrons.

THE attention of the people interested in school is called to Article XIV, Section 4521 of the Common School law with regard to compulsory education, an extract from which is quoted below: "Every parent, guardian or other person in the State of Kentucky, having the control of any child or children between the ages of 7 and 14 shall be required to send such child or children annually, at least eight weeks of which attendance shall be consecutive, to some public or private day or night school for children." The penalty for violation of the above law is a forfeiture of the use of the schools in the city, of a sum not less than \$5 nor more than \$20 for the first offense and not less than \$10 nor more than \$50 for the second and every subsequent offense and costs of the suit.

Section 4478, Art. X, also states that the trustees may admit into a graded common school, children who do not reside in the district or persons over the common school age, on such terms and conditions and upon payment of such tuition and other fees as they may deem proper.

Here it may be well to state the fees in the Stanford Graded School: Primary Department, \$15 per year; Intermediate Department, \$20 per year; High School Department, \$5 per month; Art, \$2 per month. Deductions subject to rules in catalogue.

Section 4473, Art. X, has the following to say: The trustees of a graded common school may adopt such by-laws and rules for control, government and management of the schools in their respective districts as they may deem necessary.

We quote the following from recent regulations of Stanford Graded School: No pupil will be advanced who fails in any three subjects of the curriculum. All pupils who wish to enter must stand the examinations required of them by the teacher in charge. This may be oral or written. No pupil of the school is advanced who fails to take the regular term end examinations, until examined by teacher in charge. These items are published that the patrons may have a more perfect understanding of the duties required. Thoroughness is our aim and without strict observance of rules and regulations it can not be satisfactorily secured. Patrons are invited to visit the school from time to time and see the character of work done. School will open Monday morning, Sept. 9.

The Litchfield plant is owned by four Lackey brothers, formerly of Stanford, Ky.—Kentucky State Journal.

Chamberlain's Colic, Cholera and Diarrhoea Remedy. Better Than Three Doctors.

"Three years ago we had three doctors with our little boy and everything that they could do seemed in vain. At last when all hope seemed to be gone we began using Chamberlain's Colic Cholera and Diarrhoea Remedy and in a few hours he began to improve. Today he is as healthy a child as parents could wish for."—Mrs. B. J. Johnston, Linton, Miss. For sale by all druggists.

HAD AN AWFUL TIME.

But Chamberlain's Colic, Cholera and Diarrhoea Remedy Cured Him.

It is with pleasure that I give you this unsolicited testimonial. About a year ago when I had a severe case of measles I got caught out in a hard rain and the measles settled in my stomach and bowels. I had an awful time and had it not been for the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy I could not have possibly lived but a few hours longer, but thanks to this remedy I am now strong and well. I have written the above through simple gratitude and I shall always speak a good word for this remedy.—Sam H. Gwin, Concord, Ga. For sale by all druggists.

JUDGE HAGER AT LEXINGTON SATURDAY.

We give you below a synopsis of Judge Hager's speech in opening his campaign for governor at Lexington, which is manly, straight forward and honest. He dodges nothing. In fact, he is the man and democrat the INTERIOR JOURNAL always proclaimed him to be: "When a fearless and honest delegate boldly denounced that assassination upon the floor of the convention that nominated my opponent, Mr. Willson, and vigorously declared that the men who killed Goebel, even though they thought they were working in the right interest of the Republican party, ought to be hanged. Every one of them should die for this crime, and if the party wants success it must not shirk this issue, but must see that every man connected with this foul murder pays the full penalty of the law, he received not the slightest evidence of sympathy, but on the contrary a stubborn sphinx-like silence spread over that body of Republican delegates, and an ominous frown of disapproval of that sentiment, marked with emphasis the features of all.

Along its course are no haunting spir-its of unfaithfulness. The McChord railroad bill, promised by the Democratic party to the people, which was passed by the Legislature of 1898, but vetoed by Gov. Bradley, has become a law, under the just operations of which, freight rates in the Commonwealth have been lowered and equalized to the great benefit of the shipper.

A uniform School Book Bill, the enactment of which was pledged by the Democratic party to the people, has been placed upon the Statute books, and under its provisions and operations the price of the school books used in our common schools has been materially reduced, to the advantage of the children of the State. In these, as in all pledges made, the Democratic party has kept faith with the people and has not been content with mere vaporings or high sounding declarations.

Without any pledge, the Democratic party has given the people of Kentucky such temperance legislation as the sentiment of the times demanded.

As between these two parties and policies and principles represented by each, you are to choose. You are the final arbiters, and to your judgment and choice the Democratic party pledges itself to bow in humble submission.

The speaker then declared himself in favor of State development, industrial, moral and educational. He urged the further extension of the common school system; the making of a great university of State College, the passage of proper "child labor laws," and the strengthening of health and similar laws.

The Democratic party has always been the friend of labor in this country and has favored and encouraged its organization.

I am in favor of every proper law to protect labor from the encroachment of capital upon its rights, and every proper law that will preserve to capital its natural rights. As Governor I would be careful to see that no laws unjust to either capital or labor should become effective.

I am, and at all times have been, in favor of fair and honest elections, not only in the State, but also in the counties, and in the cities and towns of this Commonwealth. Election manipulators should be weeded out. It is the sacred right of every legal voter of the State to cast his vote, and it is also his right to have his vote counted as it is cast. In this Commonwealth there is no place for those who juggle returns; but we demand a fair and honest count of all the legal votes cast. Honesty and fair dealings in politics are as essential to good government, as honesty in the administration of all governmental affairs.

He then declared himself in favor of all possible reforms in dealing with the charitable institutions of the State, and referred to the work he claimed had already been done by the Democratic administration.

Coming down to the question of temperance, Mr. Hager said Mr. Willson, his opponent, had dodged the issue.

I have never been fanatical or unreasonable, but have had my independent views without disparaging any other whose views upon any question might differ from my own. My sympathies have always been with the cause of temperance and I have always been in

favor of such reasonable and feasible legislation as might be demanded by the sentiment of my State. I am in hearty accord and sympathy with the best and most feasible temperance thought and heartily indorse any rational movement or law that tends to the moral upbuilding and uplifting of the State.

I indorse without reserve the action of the last Democratic General Assembly in passing the County Unit Law, which law I believe to be in harmony with the principles of my party, and to be thoroughly Democratic it should be extended so as to apply to all counties. I am in favor of all reasonable, proper and feasible legislation on the temperance question and any and all such laws would have my earnest and honest support and approval.

If we would have our proud Commonwealth occupy the enviable position before the world that she should occupy, her laws must be enforced without fear or favor, without prejudice or partiality; while the criminal and penal laws of the State should be rigidly enforced, those relating to the proper observance of the Sabbath should be as strictly enforced.

The speaker then put the question to Mr. Willson as to whether if elected Governor he would pardon the men charged with the murder of Goebel.

After four years experience as the head of the financial department of the State, I confidently assert that the tax rate of 50 cents, though not itself excessive, can and ought to be reduced, and if elected Governor I will in my message to the Legislature recommend that it be reduced to 40 cents, the lowest tax rate ever experienced since the adoption of the present Constitution.

The speaker further reiterated the explanations made during the Democratic primary campaign regarding the public printing contracts, the special attorney's fees and the State Capitol architect fees, in all of which he declared the Democratic administration had acted with the utmost wisdom.

He also declared he would not, if elected Governor, be a candidate for the United States Senate or any other office within the gift of the people.

DR. BRUNER, who thinks he is running for Secretary of State on the Republican ticket, grows more and more savage. In a speech at Louisville, he said: "I want to say to you that the machine at Frankfort is headed by an election thief, and assisted by another election thief; and not only election thieves, but grafters besides, as I will soon show." The little fellow seems to have the rabies. Let him alone and he will soon bite himself to death.

THE Western Kentucky papers are shooting it into Capt. W. J. Stone for running against Senator Conn Linn, the Democratic nominee. The old Confederates they say, are especially severe as during the awful conflict four years' service they learned to distrust and despise a deserter and a turncoat, and to know that a comrade would turn against them in the declining years of life re-creates anew their old determinations.

LESLIE T. APPLIGATE, of Covington, was nominated at Maysville for judge of the court of appeals from the Sixth District, to oppose Judge John M. Lassing, the Democratic nominee. The nomination came on the 40th ballot after a hard fight. It was thought that Judge Samuel B. Holmes, of Nicholas county, had the nomination cinched when the convention met but the Applegate forces out generated him.

EVERYBODY in Kentucky feels the misfortune of the Courier-Journal which we are glad to say is not so bad as at first believed. The State's greatest daily has wonderful recuperative powers and with the neighborly assistance of its contemporaries was soon put on its feet again. You can't keep a working man down and the Haldemans are workers with a big W.

AWAY up in the mountains Willson is telling the natives all sorts of stories and ramming untruths down their throats, but a day of reckoning is coming. Democratic speakers will show him and his party up in such a way that they will resent the impudence by turning him and his ticket down good and hard.

MARSHALL STONE, who has been an employe in this office for the past four or five months, has developed into a rapid type setter. He can set a galley of 8-point brevier in about four hours and almost errorless. He has a good idea of machinery, a splendid paper mauler and, in fact, an all-round good man to have in a printing office. He is polite, obliging, painstaking and some day we hope to see him reach the top round in the ladder of fame.

BARYTES MINES.—Burton H. Vance, the Louisville lawyer and capitalist, combined with New York City capitalists, will erect a barytes mill at Danville, the cost of which will be \$100,000. The Company has leased 5,000 acres of barytes mines near Hubble and a force of 50 men is now engaged in removing the mineral from the mines, a number of which have already been opened. Two years ago Deputy Sheriff George Wood took a lease on the farm of B. W. Givens, near Hubble, and began mining what he thought was fluor spar. He had made arrangements with a Dayton, O., firm to take the output of his fluor spar mines, and shipped a carload to that city. The firm notified him by wire to hold up future shipments. "You haven't shipped fluor spar; the stuff is barytes," the telegram read.

SINGLETON.—News comes from Waynesburg that Rev. Nathan Singleton, father of Supt. Garland Singleton, of this place, dropped dead Sunday afternoon. Mr. Singleton had attended Sabbath School in the morning and apparently was in good health. Mr. Singleton was one of the best men in the Waynesburg section. He had been a minister of the Gospel for 40-odd years and in all of that time he had brought hundreds of souls to Christ. In faith and in practice he was a Baptist, he was gentle, kind, upright and honorable with all mankind, and no wanderer ever approached him, but what he went away with his pail full of overflowing and his heart filled with words of comfort from this splendid and good man. Mr. Singleton was in his 72nd year and had lived always in community in which he died. Besides a wife, he has left to mourn his loss five sons and two girls. The burial will occur to-day. The many friends of this good man deeply sympathize with his family in their great loss. May God comfort and console them in this dark hour of their great affliction. Peace to his ashes. A.

The Limit of Life.

The most eminent medical scientists are unanimous in the conclusion that the generally accepted limitation of human life is many years below the attainment possible with the advanced knowledge of which the race is now possessed. The critical period, that determines its duration, seems to be between 50 and 60; the proper care of the body during this decade cannot be too strongly urged; carelessness then being fatal to longevity. Nature's best helper after 50 is Electric Bitters, the scientific tonic medicine that revitalizes every organ of the body. Guaranteed by Penny's Drug Store.

Caleb Powers, in jail pending trial for the murder of William Goebel, issued a statement at Georgetown, in which he declares that he now knows the man who killed Goebel. He also declares that he will demand a trial, regardless of whether Hager or Willson is elected Governor and that he desires the election of the Republican candidate only because it would mean that he would get a fair Judge.

The death rate has increased in New York from 17.50 per thousand last year to 19.48 this year. Last week 394 children under five years old died. The appalling feature of this infant mortality, which is proportionately as great in other large cities as in New York, lies in the fact that it is in a great measure due to preventable causes.

Ten Years in Bed.

"For ten years I was confined to my bed with disease of my kidneys," writes R. A. Gray, J. P. of Oakdale, Ind. "It was so severe that I could not move part of the time. I consulted the very best medical skill available, but could get no relief until Foley's Kidney Cure was recommended to me. It has been a Godsend to me." G. L. Penny.

Fifteen people were killed and probably 50 injured in a collision between an interurban express train and a traction car on the Mattoon and Charleston electric railway about one mile west of Charleston, Ill. The accident is said to have been due to a confusion of orders.

"Everybody Should Know," says C. G. Hays, a prominent business man of Bluff, Mo., "that Bucklen's Arnica Salve is the quickest and surest healing salve ever applied to a sore, burn or wound, or to a case of piles. I've used it and know what I'm talking about." Guaranteed by Penny's Drug Store, 25c.

Victims of hay fever will experience great benefit by taking Foley's Honey and Tar, as it stops difficult breathing immediately and heals the inflamed air passages, and even if it should fail to cure you it will give instant relief. The genuine is in a yellow package. G. L. Penny.

Stomach Muscles in Old Age

People should be more and more careful, as age advances, to see that their bowels move regularly. In this way they can keep themselves in good health and prolong life. The bowels are not as active in middle-life and old age as they are in youth, and with the majority there is a tendency to constipation of a chronic and obstinate nature.

To ward off the possibility of serious diseases use Dr. Caldwell's Syrup Pepsin, the great herb laxative compound. It is especially suited to the use of elderly people because it is prompt but gentle in action and does its work without griping or weakening as is the case with salts, purgative waters and cathartic tablets. These should not be used by children, women, old folks or weak people because they are too violent in action and generally gripe. Furthermore, the results are temporary as reaction sets in and the bowels are bound up more than ever.

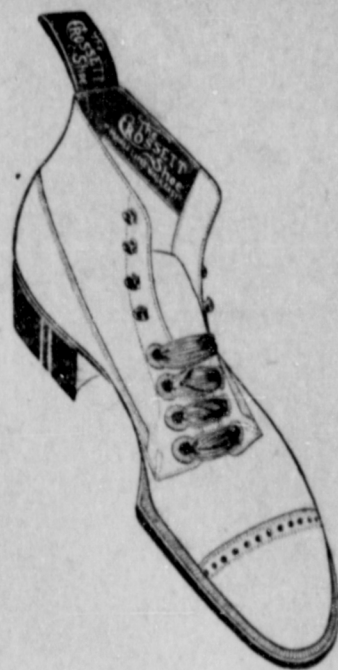

A remedy like Dr. Caldwell's Syrup Pepsin is very gentle in action and yet thoroughly effective, and as it contains tonic properties, it strengthens the system instead of weakening it. The results are permanent because gradual, and many can in a short time do away with the use of all laxatives. It will cure the most chronic constipation, dyspepsia, liver trouble, biliousness, flatulency, sour stomach, weak stomach, bloating, drowsiness after eating and such other stomach, liver and bowel troubles.

To prove how effective it is in serious cases the experience of Mr. Armstrong, of Decatur, Ill., can be cited. He suffered from a gunshot wound during the Civil War which caused a partial paralysis of the bowels and he has had ever since to use a laxative. He says he never found anything so effective, or which worked so near to nature, as Dr. Caldwell's Syrup Pepsin. Try it and you will say the same. The price is 50 cents or \$1 a bottle at any drugstore.

FREE TEST Those wishing to try Dr. Caldwell's Syrup Pepsin before buying can have a free sample bottle sent to their home by addressing the company. This offer is to prove that the remedy will do as we claim, and is only open to those who have never taken it. Send for it if you have any symptoms of stomach, liver or bowel disease. Gentlest yet most effective laxative for children, women and old folks. A guaranteed, permanent home cure. THE PUBLIC VERDICT: "No Laxative So Good and Sure as DR. CALDWELL'S SYRUP PEPSIN." This product bears purity guarantee of U. S. Washington, D. C.
